

**"COL 'BILL' Waters epitomizes the consummate quintessential paragon of the hegemonic juggernaut seeking Special Forces programs. Warmest of accolades and highest of kudos to him for a job well done!"**

*Quote from a fellow comrade that wishes to remain anonymous*

Home is the Green Beret,  
home from the war.  
Home is the Physiologist,  
home from the lab.  
Home is the Physician,  
home from the sick.  
Home is the Adventurer,  
home from the world.  
Home is where he is  
and home is where he  
longed to be.

***I have done things  
that haunt me in my sleep,  
To make you sleep safe at  
night.***

***I have been away  
from home for a long time,  
To make your home a  
safer place.***

***I have sacrificed a lot in  
life,  
So that you may live a life  
in peace.***

***I have done these things  
because I have sworn an  
oath to the UNITED  
STATES of AMERICA,  
And I will still live by this  
oath until the day I am  
buried, because I am and I  
always will be a  
United States SOLDIER.***

**I expect to pass through this world but once.  
Any good that I do, or any kindness that I can show,  
Let me do them now, for I shall not pass this way again.**

*Paraphrased from British author John Galsworthy*

**It is foolish and wrong to mourn the men that died.  
Rather we should thank God that such men lived.**

*George S. Patton*

I plan to fail, but  
I never fail to plan.  
Failure is a reality,  
Success is a fleeting wishful  
dream.  
It is not hard to fail at success,  
But it is easy to succeed at  
failure,  
By not planning.
